NWS

## Odor Intensity Scale

1

Odor characteristics may or may not be distinguished and/or definite, but not objectionable in short durations. This is characterized by occasional "whiffs" of odor, but is not persistent.

2

Odor is very distinct and clearly distinguishable, tends to be objectionable and/or irritating, and is persistent in the community.

3

Odor present in the air, which is objectionable and causes a person to attempt to avoid it completely.

4

Odor present in the air, which is so strong that it is overpowering and intolerable for any length of time.
